"Autumn leaves shower like gold, like rainbows as the winds of change begin to blow."

~Dan Millman

SAVE THE DATE NHAAP Hybrid CME Conference April 7, 2023

NH AAP is on Instagram and Twitter! We are using these platforms to promote collaboration between NH providers, as well as provide education to parents and healthcare professionals regarding the latest AAP guidelines, local pediatric events, and advocacy opportunities. Every month, we feature a different NH provider on our "NH AAP Spotlight". We include where they practice, their background, any special interests, and then a website/book/source that they use frequently in their practice. We are hoping this information might be helpful for other providers to learn about new resources, and also get to know their state colleagues. If you would be willing to be featured, please reach out to anna.bauman@hitchcock.org. Also, give us a follow! :)

New Hampshire Professionals Health Program

The NHPHP is a confidential program that can help to establish supports for those with professional burnout, substance misuse, behavioral, or other mental health concerns impacting your work and well being. The program covers 13 licensing boards including medicine, dentistry, nursing, psychology, dieticians, midwifery, optometry, chiropractic, podiatry, veterinarians, and others.

NHPHP accepts referrals from any source including self-referral, peers, colleagues, hospitals, practice managers, medical staffs, office staffs, regulatory agencies, licensing boards, attorneys, treatment centers, family and friends.

NHPIP Update

See the newly updated NH Pediatric Behavioral Health Referral Directory

This month the NHPIP released an updated version of its **NH Pediatric Behavioral Health Referral Directory**. The Directory contains updated information about local pediatric behavioral health resources including organization name, address, phone number, website, Medicaid acceptance, types of services, language assistance and telehealth offerings. Providers can either use the searchable on-line directory or download a PDF version of it. Given enhancements made to the NH Rapid Response system and the launch of the national 988 suicide crisis line, a new resource page outlining crisis services in NH is also available.

The Directory is supported by a grant awarded to the NH Department of Health and Human Services by the Health Resources and Services Administration (HRSA).

Education Opportunities

Maternal-Infant Health and Opioid Use (MIHOU) Round Table Discussions Series

The American Academy of Pediatrics is inviting pediatric physicians to join the Maternal-infant Health and Opioid Use (MIHOU) Round Table Discussions. This interactive series aims to improve the self-efficacy of early career pediatric physicians and other non-physician clinician in providing recovery-friendly care for parent-infant dyads with prenatal opioid exposure and/or neonatal opioid withdrawal syndrome. The round table educational format aims to stir interest and engage participants in discussions that enhance their knowledge and about providing patient and family-centered care.

Round Table 2: *Strength-based family-centered care*

Faculty: Catherine Lipman, MD, FAAP

Date: October 4, 2022

Time: 4:00 pm (ET) | 3:00 pm (CT) | 2:00 pm (MT) | 1:00 pm (PT)

Registration link: [https://aap.webex.com/aap/j.php?](https://aap.webex.com/aap/j.php?RGID=r448d18a28f860e2d4727da12525b94e0)

Opportunities Available: This is a new section of the newsletter to highlight opportunities to get involved or for help needed. If you have something you want listed, please contact catrina.watson@nhms.org

NHAAP is looking for chapter members who would like to be part of a chapter interest group on diversity/equity/inclusion (DEI). This would be an informal group that aims to highlight issues in this area for pediatricians. Please respond to catrina.watson@nhms.org.

NH AAP meetings

2022 Meeting will be December 14. Meetings will be held virtually until further notice.
